 - 'Raise your hand' in the participant window and moderator will unmute you to ask your question live,
 - OR
 - Type your question into the chat box

Defining Virtual First Care

V1C

Virtual first care (V1C) is medical care for individuals or a community accessed through digital interactions where possible, guided by a clinician, and integrated into a person's everyday life.

The ability to **initiate care from anywhere at any time** through telecommunication and digital technologies

Intentional selection of the care setting matched to a person's **clinical needs** and **preferences**, with some aspects safely and effectively delivered virtually, and others necessitating in-person care

Complete solutions that support a person to take all of the **necessary next steps** in their health journey

Adherence to all applicable laws that apply to healthcare providers, including best practices on **standards of care**, individual **safety**, **security**, **privacy** and **data rights**

IMPACT Payer V1C Contracting Toolkit

**Guide to
Payer-V1C
Contracting**

**Guide to V1C
Payment
Models**

**V1C Coding
Library**

Toolkit: Guide to Payer-V1C Contracting

Guide to Payer-V1C Contracting

Outlines each section of the contract with detail on:

- Specific considerations that should be accounted for in V1C,
- Practices that are ideal, acceptable and to avoid,
- What should be included in phase 1/phase 2 contracts,
- Sample language

Access the toolkit at [**impact.dimesociety.org/toolkit**](https://impact.dimesociety.org/toolkit)

Toolkit: Guide to V1C Payment Models

Guide to V1C Payment Models

Mines lessons learned from IMPACT's payment models workshops to outline:

- 4 primary models:
 - Per Participant per Month (PPPM),
 - Per Episode of Care,
 - Per Member per Month (PMPM)
 - Fee for Service (FFS)
- V1C approaches best suited to each payment model
- Best practices around using the models in V1C for each payment model

Access the toolkit at [**impact.dimesociety.org/toolkit**](https://impact.dimesociety.org/toolkit)

Toolkit: V1C Coding Library

V1C Coding Library

Culls IMPACT member experience with coding in 3 sections:

- Codes currently in use in V1C
- Codes that exist but that are restricted in a way that dont allow them to be used in V1C
- Ideas for new codes that could be added to better support V1C coding

Access the toolkit at [**impact.dimesociety.org/toolkit**](https://impact.dimesociety.org/toolkit)
